

Report a Litterer

Unfortunately, litter is a major problem in Longview and throughout Texas. Fortunately, the Texas Department of Transportation provides a "Report a Litterer" program through Don't Mess With Texas.

Residents can report litterers by collecting the following information:

1. Date
2. Time
3. Location
4. Who littered: driver, passenger, or accidental
5. License plate number
6. Vehicle make and model
7. The item littered

When information is submitted to the Texas Department of Transportation, the litterer will be sent a litter bag and letter telling them to put their trash where it belongs. This information can be submitted online at the "Report a Litterer" external link listed to the right. Also, printable "Report a Litterer" forms may be downloaded below, or may be picked up at City Hall.

Please note: The litterer will not receive a ticket because Texas law enforcement officials are the only people authorized to enforce the litter abatement act.
